DEDICATION

We dedicate this Idea Book to all our fabulous clients and vendors who are an integral part of the shaping of Levy Recognition as it is today. As a result of these relationships, we have flourished and have a very vivid vision of our future over the next three years. We want to thank you, our valued partners, and invite you to share that vision with us!

LEVY'S VISION

Our Core belief is in the creativity of our people and their relentless pursuit of new ideas. Combine that with their commitment to deliver exceptional service and we feel we have hit a home run. These values are present in every facet of our company, bringing strength and integrity to our business.

Levy Recognition is vibrant. Clients and team members alike can feel our energy before they walk into our building. WE are reflecting on our national recognition for custom awards and employee recognition. Our team members are empowered to dream big and give new ideas a shot. The truth is, most of the time we hit it out of the park, and sometimes we fall a little short, but we're constantly improving. That's our promise. We feel like a family and only have "A" players, people who are brilliant, ambitious and accomplished working with us. Trust and morale are at an all-time high. We hear our teammates discussing ways to improve not only LEVY RECOGNITION, but themselves too. We're one step closer to our BHAG (Big Hairy Audacious Goal) of being the leading national Employee Recognition company.

Our greatest assets are our team members. We put an emphasis on supporting our team members in whatever capacity they may need. Our team shows up every day looking for an even better solution. Our team members are invested in making our company successful, and they share in our drive to be unstoppable in the world of awards and recognition. Our team is outstanding– they feel valued, have crystal clear roles and goals for their position, and a well-defined career plan. Every individual involved in our company—partners, team members, and clients—plays a critical role and is in alignment with our core values and vision. We give our employees ownership. By letting LEVY Recognition team members own their clients, or specific parts of the relationship, they are empowered to make decisions. Good decisions. Great decisions!

Clients repeatedly tell us we make their life easier. Our clients rate us #1 in custom awards because there is NOTHING we can't do!

Employee recognition has become a substantial part of our service. We continue to lead the industry in custom awards, but our employee recognition program is turning heads. We realized this and took the steps to re-brand ourselves. The new Levy Recognition has taken the industry by storm.

LEVY'S VISION

Because we know employee recognition service is not the same for every client, Levy Recognition does not offer a generic, pre-packaged service but instead develops award and recognition programs while working closely with the client to develop the program that most fits their company's individual needs.

We are completely committed to diversity and helping our community grow. As a women owned company aligning ourselves with like causes empowers us to grow and succeed further.

We are passionate about causes that help us fulfill our vision. We create initiatives to push back problems and push forward solutions. The causes we support create awareness, design solutions, and catalyze change through action.

We want team members to be inspiring others outside of LEVY Recognition. Routinely, time will be set aside to volunteer in the community together mentoring and teaching others about recognizing the best in others.

Levy Recognition is a force of nature in a rapidly changing market, and we've become RECOGNITION ROCKSTARS. As our industry continues to evolve, we'll stay at the front of the pack because we have continued to develop the systems and services that we know work and deliver huge value to our clients.

We share one Vivid Vision. This means that we share and respect the same principles, values and objectives.

GASPARILLA BOWL

Championship Trophy

The Gasparilla Bowl introduced a lot of exciting new changes for their 2019 game in Tampa Bay. One of the biggest changes was the introduction of a brand new trophy. Designed to look like a pirate treasure chest, the trophy embodies the spirit of the Tampa Bay area and sheds light on how the bowl game came to share its namesake with one of the most celebrated events in Tampa Bay. Players, coaches, and fans are delighted by the new look of the Bad Boy Mowers Gasparilla Trophy. Levy is proud to call Tampa Bay home and we are excited to share a piece of our city's culture with collegiate athletes from across the United States.

Sponsor and VIP Gifts

The White Sox contacted Levy wanting a special gift to be presented to their sponsors and VIPs. They had the idea of creating a custom wine bottle that honored retired first baseman and Baseball Hall of Fame Inductee, Frank Thomas. They were also seeking a creative way to package the bottles of wine in order to present them as gifts to recipients. Custom bottles bottled with wines from Robert Mondavi are the perfect way to commemorate and celebrate the career of Frank Thomas. The White Sox organization was very excited about how the wine bottles turned out. This special gift was presented to VIPs, organization sponsors, and fans. Frank "The Big Hurt" Thomas autographed every bottle!

ECOMMERCE SOLUTIONS

DTCC

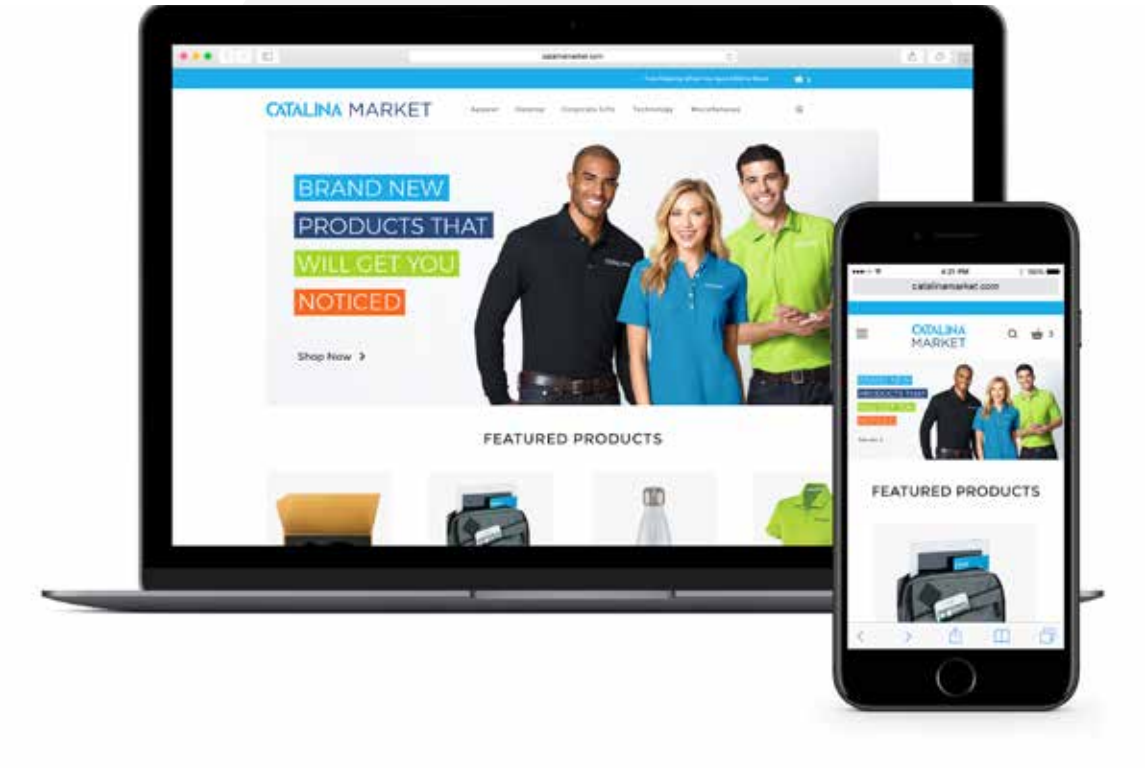

Company Store

An eCommerce site made it easy to provide DTCC employees access to branded apparel and accessories. The site is also used to provide branch offices and department heads branded merchandise that can be used as employee gifts. The site offers branded apparel from t-shirts to jackets, umbrellas, padfolios, hats, and bags.

CATALINA

Company Store

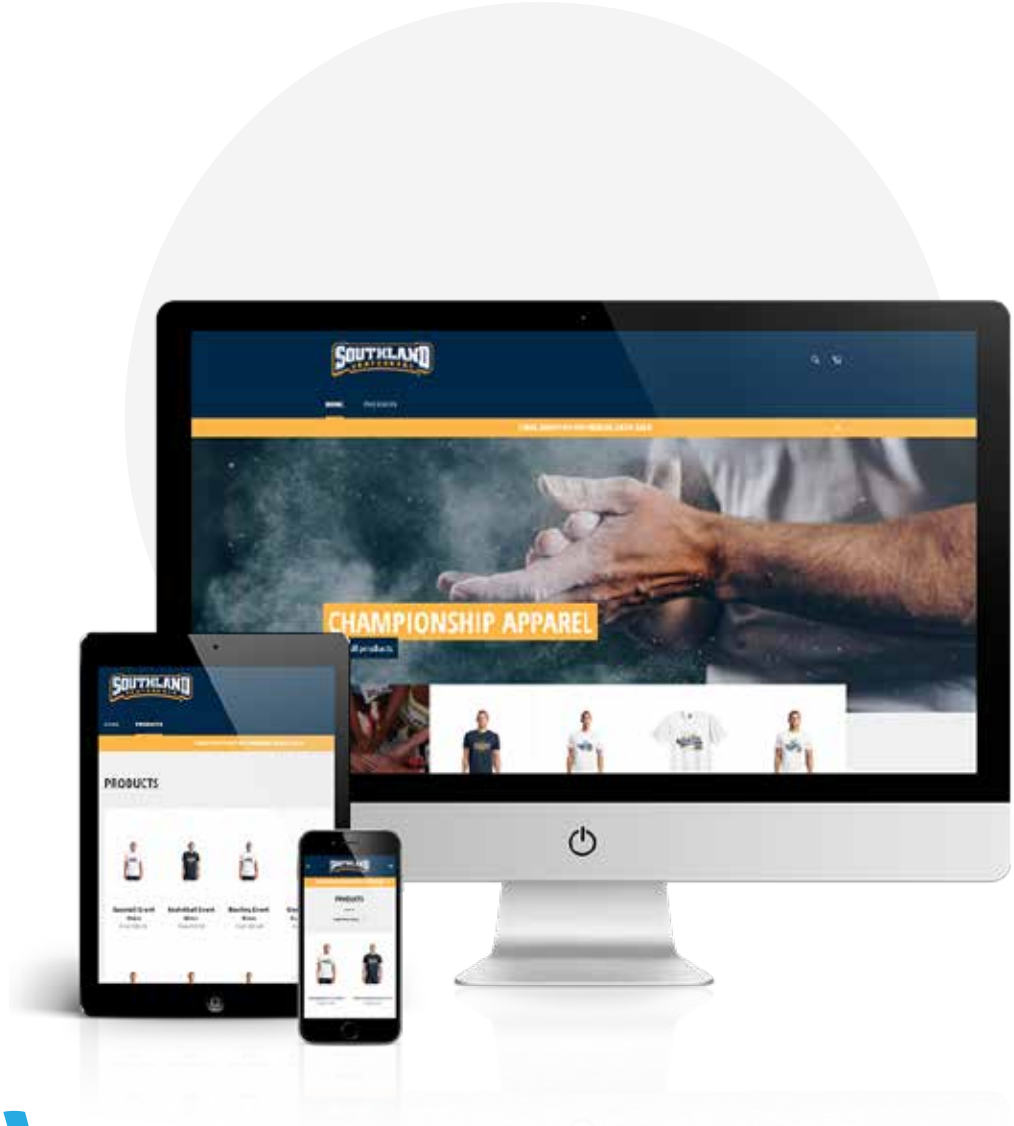

This company store Levy created for Catalina Marketing streamlined their promotional ordering process for their internal team. Each of their departments purchase the branded merchandise for their team seperately, with each department head determining what to order.

SOUTHLAND

Championship Store

Levy Recognition built the Southland Conference a custom eCommerce storefront that features their conference shirts and championship apparel. It provided Southland with something that was relatively hands off, was easy to get up and running, and could be an exciting option for selling branded merchandise and student athlete gifts for the foreseeable future.

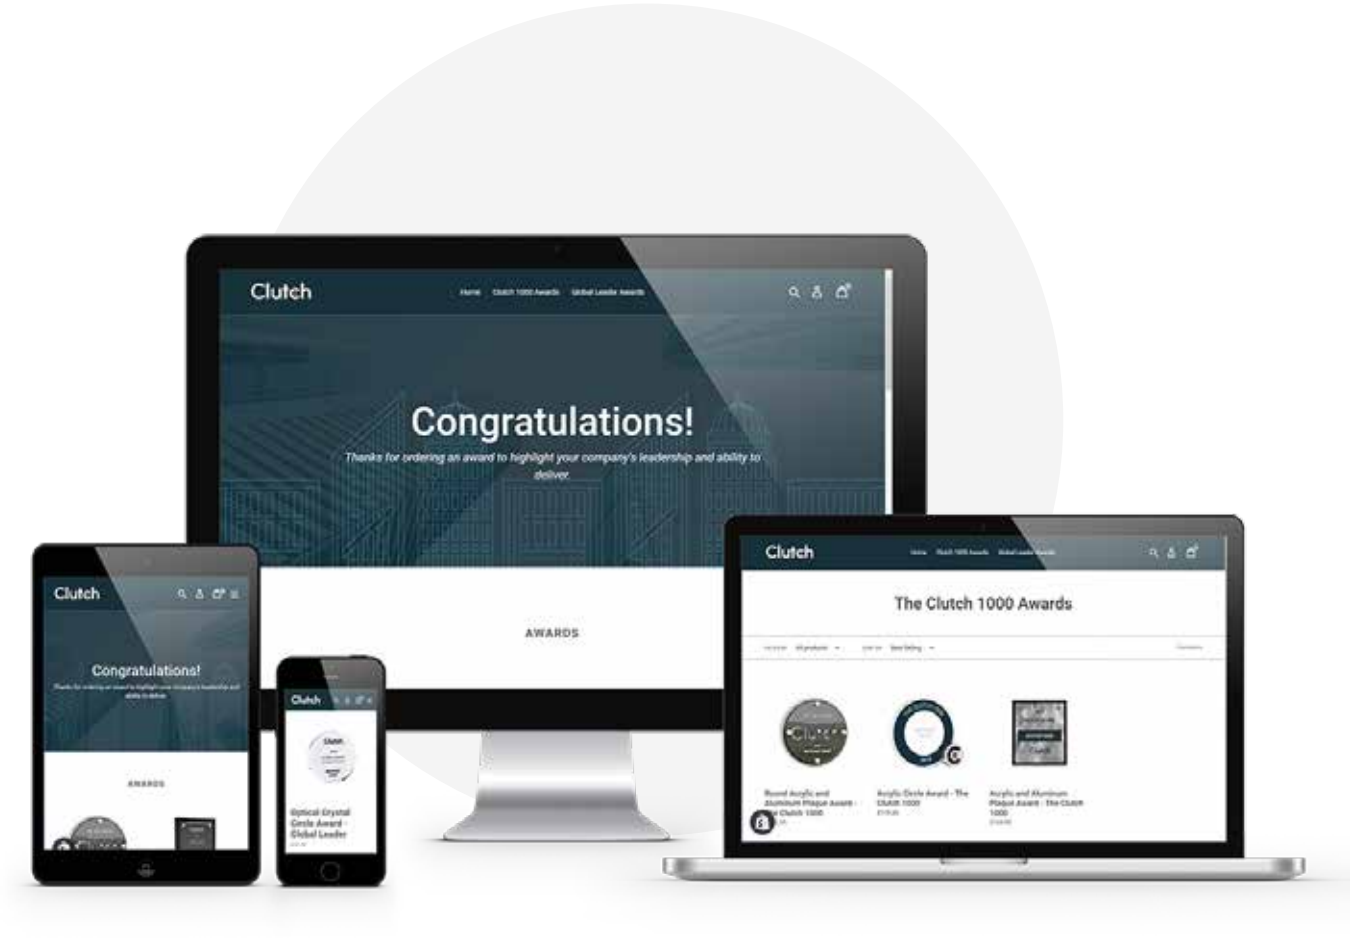

> The Southland Store, developed by Levy, is proving a beneficial tool for the conference. It's user-friendly, our coaches utilize it fully, and end-users appreciate how promptly orders are fulfilled. The Southland Store is a key element in the Southland Conference's branding efforts.
